### Product information

Tungshram Xensation lamps provide a major leap in road safety over conventional halogen lamps due to enormous increase in the illuminated field of vision

- Better visibility and illumination provide the driver with many benefits. It assists the human eye and allows better visibility and improved hazard awareness, allowing the driver to navigate poor driving conditions with increased confidence and with less fatigue.
  - Optically advantageous whiter light compared to halogen lamps designed to give a colour that is closer to natural daylight. Further improvement in color - light up the road with style and brilliant white light. Produces a crisp, bright light that is closer to daylight. Up to 20% more light on the road ahead.
